The Ultimate in Privacy

FEATURED PRODUCT

OUR EASTERN MAX STYLE OFFERS UP TO 72" HIGH DOORS AND PANELS FOR MAXIMUM PRIVACY.
A leader in the industry with **over 60 years of experience**, offering the largest selection of partitions in the industry, with 4 different styles, and 9 different material options.

**USA Made**—All of our products are proudly manufactured in Erie, PA U.S.A.

**Outstanding customer service** since its inception—**second to none!**

Shipping schedules you can depend on—98% of all orders shipped within one day of the schedule date — And most on time or sooner.

Our shipments arrive to you safely with our cellular poly crate, which has proven to reduce freight damage. Statistically, **99%** of the steel orders arrived to the job site **damage-free.**

Express ship allows your orders to ship as quick as **2 working days.**

Use of TORX head fasteners with pin to prevent theft and vandalism.

Barrier free design and operational handles to meet ADA requirements.

Green Materials
PARTITION STYLES

30 SERIES
Where no overhead bracing is required, but ceiling hung partitions are impractical. General Partitions’ 30 series (floor supported) is ideal. Modern spaciousness and rigidity are important features. The 30 Series is also featured in a 54” “Junior Size” which has proved to be a great help with younger children.

40 SERIES
Our most popular style of toilet compartment construction is 40 Series (floor supported with headrail.) It is recommended for new and old buildings where economy, ease of installation, and rigid overhead bracing are required.

50 SERIES
The ease of floor maintenance when General Partitions 50 Series (ceiling hung) style is used, has influenced architects and building owners to utilize this style particularly on construction where dropped ceiling or open span type construction is practical.

60 SERIES
General Partitions’ floor to ceiling Series 60 is recommended for all areas subject to heavy usage. For problem areas we recommend the use of full length aluminum brackets and hinges.

All colors and patterns are printed reproductions only. Please request actual sample for absolute color fidelity.
**EASTERN STYLE**

When increased privacy is required, "Eastern style" is an option that can be incorporated into any of our partition series and materials. Panels and doors are specified as 67" high and mounted 3-1/2" off of the floor.

**EASTERN MAX STYLE**

Eastern Max Style can be incorporated into any series and material of partitions when maximum privacy is required. Panels and doors are specified as 72" high and mounted 3-1/2" off of the floor. Continuous brackets and no-sight door options to minimize any sight gaps are available as add-ons to either Eastern Style.

**FEATURES**
- 67” or 72” high doors and panels
- Mounted 3-1/2” off the floor

**OPTIONAL**
- Continuous brackets / hinges
- No sightline gaps at doors
- Indicator latches

All colors and patterns are printed reproductions only. Please request actual sample for absolute color fidelity. Colors are subject to change.
PARTITION STYLES

CONSTRUCTION
General’s standard panel with Ribcore sound deadening reinforcement is offered as a standard at no extra charge. Sheet metal skins are bonded under pressure, to each cell of the core with an adhesive impervious to moisture. Lighter weight, greater strength and permanently flat panels are provided through this type of construction.

CORNER REINFORCEMENTS
Used on all steel partitions at exposed corners. Mechanically fused to the edges. Doubles the strength of the corner. Also allows field repairs if and when required. Eliminates welding and grinding of the corners which removes the protective zinc coating.

MATERIAL OVERVIEW
General’s Powder Coated Galvanized Bonderized Steel is available in all styles for toilet partitions, showers and dressing compartments. The economy and durability of Powder Coated Steel makes it the popular choice for new construction or remodeling.

Green Alert
Environmentally safe—our Hybrid Polyester—Epoxy powder contains no harmful solvents or VOC’s applied electrostatically and baked in an energy efficient infrared over to cure. Contains post consumer and post industrial recycled steel and may contribute to LEED Certification.

Fireproof steel partition will not support a flame or produce toxic gases.
Express shipment will ship in 2 working days on all 21 colors. Some restrictions apply. Our complete color chart is available upon request.
STAINLESS STEEL

Stainless Steel is not only a good selection for strength and durability, but is an architecturally pleasing addition to any decor. Available in Satin, or a variety of textures and patterns.

- Fireproof steel partition will not support a flame or produce toxic gases.

TEXTURED STAINLESS STEEL
The partitions are fabricated with a deep textured finish, and offer the following advantages:

- Vandal Resistant
- Resists Fingerprints and Smudges
- Reduces Maintenance Costs
- Guaranteed 15 Years

MATERIAL OVERVIEW
General’s stainless steel is available in all styles for toilet partitions, showers and dressing compartments. Stainless steel, the deluxe steel partition material will hold it’s beauty for years. Dirt, grease and cosmetics are easily removed. Even scratches can be eliminated by buffing the finish and blending the surface.

GREEN ALERT

- No VOC’s
- Contains post consumer and post industrial recycled steel and may contribute to LEED Certification.
- Stainless Steel is 100% recyclable.

General’s H.D.P. toilet partitions, showers and dressing compartments are manufactured using high density polymer resin. Color is solid thru-out. Compartments will not rust, rot delaminate or absorb odors like marble. Water resistant, can be used under any moisture condition. Perfect for shower and dressing compartments as well as toilet partitions. Resists mold, mildew, bacteria & fungus.

- We recycle all waste and scrap during our manufacturing process.
- We use reclaimed material in our production.
- Our HDP sheets are completely 100% recyclable.
- We also have 100% post consumer HDP partitions available.
- GreenGuard Gold Certified

25-100% PRECONSUMER MATERIAL
SOLID PHENOLIC CORE

General's S.P.C. toilet partitions, showers and dressing compartments are fabricated of solid phenolic core with matte finish high pressure melamine fusion welded to surface of core to form a one piece unit which will not delaminate, edges are black solid phenolic resin. Resists moisture, scratches and abrasion. SPC panels provide exceptional chemical and stain resistance combined with superior impact resistance.

Express shipment will ship in 2 working days—some restrictions apply. Our complete color chart is available upon request.

Color-Thru Solid Phenolic Core Panels offer all the strength and durability of our black core phenolic, with the added advantage of consistent matching color throughout the core, forming a one piece panel, making it the perfect choice for high traffic areas. The Color-Thru Phenolic carries all the same specs and hardware as our standard black core SPC.

ADVANTAGES
Toilet Partitions offering all of the dependability of Phenolic, but adds the advantage of being color consistent throughout the thickness of the partition.

STANDARD PRODUCT HIGHLIGHTS
- GreenGuard Gold Certified
- Core color extends all the way through the product
- All 15 colors made in USA
- Resists moisture, scratches, and abrasions

8 General Partitions Mfg. Corp. All colors and patterns are printed reproductions only. Please request actual sample for absolute color fidelity. Colors are subject to change.
PLASTIC LAMINATE

General’s plastic laminates are available in all styles for toilet partitions and dressing compartments. Plastic laminate material is easily cleaned and can’t rust. Dirt, grease and cosmetics do not penetrate the durable plastic surface which is highly resistant to scratches.

*Express shipment will ship in 2 working days for D30-60 Natural Almond & D381-60 Fashion Grey. Other colors ship in 10-15 days—some restrictions apply. Our complete color chart is available upon request.

WOOD CORE MIN. 91% recycled material with third party certification—SCS, EPP.

May contribute to LEED Certification.

FIBERGLASS REINFORCED PLASTIC

General’s F.R.P. toilet partitions, showers and dressing compartments start with a highly durable, graffiti resistant FRP surface, and bond it to a wood core. The final product is a tough stain resistant partition system that will not dent, rust, corrode, or delaminate. Our complete color chart is available upon request.

OPTIONS:
- Full length brackets and hinges
- Stainless Steel Hardware

FRP COLORS:
- Graffiti resistant texture finish
- Hard Durable Surface

WOOD CORE MIN. 91% recycled material with third party certification—SCS, EPP.

May contribute to LEED Certification.

All colors and patterns are printed reproductions only. Please request actual sample for absolute color fidelity. Colors are subject to change.
General Partitions solid plastic locker is constructed of a one-piece HDP body with no mechanical fasteners or hardware.

The locker frame is attached using full length dado joints secured by continuous plastic welds. The continuous spring-loaded latch mechanism provides a vertical lift that is designed to accept a padlock. The latch mechanism is attached to the length of the door, providing a continuous, secure latch.

Our Door Hinge is also continuous and contains no metallic knuckles or pins. Solid Plastic benches with pedestals available to match the lockers.

- Solidly Constructed of High Density Polymer
- Perfect for High Moisture Areas
- Will not Rust, Rot, Dent or Corrode
- 20 Year Limited Warranty

**GREEN ALERT**

- We recycle all waste and scrap during our manufacturing process.
- We use reclaimed material in our production.
- Our HDP sheets are completely 100% recyclable.
