

## WHY GP BARRIERS?

In response to COVID-19, General Partitions will be offering Health Barriers between sinks, hand dryers and urinals. We can make these out of 1" HDP or ½" SPC material.

- Helps to maintain safe social distancing
- Germ resistant materials
- Increased privacy
- Allows for increased occupancy

In HDP, we will offer all our colors as barriers. In SPC, we will offer our colors in Natural Almond and Fashion Grey.
