

GENERAL PARTITIONS *Mfg. Corp.*

Build America, Buy America Act (BABA)

General Partitions Mfg Corp, incorporated in 1967, is a major manufacturer of commercial toilet partitions. We are qualified to supply partitions for nearly any project.

For determining compliance with the Build America, Buy America Act, our commercial toilet partitions are a manufactured product produced in the United States. We certify that our partitions and lockers are manufactured in the United States and the cost of the components of our toilet partitions that are mined, produced, or manufactured in the United States greatly exceeds 55% of the cost of all the components of the final product. Thereby, they qualify under the Build America, Buy America Act (Pub. L. No. 117-58, §§ 70901-52).

The only variance may be certain hardware items, fasteners, and aluminum parts that are not sourced domestically or would be cost prohibitive to be sourced domestically.

If you have any questions, you may contact us at 814-833-1154 or email our Vice President of Sales & Marketing, Shane McChesney, at shanem@generalpartitions.com for more details.

Respectfully,

Scott Hawkins, President
General Partitions Mfg Corp
Erie, PA 16505-0370
