Buy American Act and American Recovery and Reinvestment Act

General Partitions Mfg Corp, incorporated in 1967, is a major manufacturer of commercial toilet partitions. We are qualified to supply partitions for nearly any project.

For determining compliance with the Buy American Act and the American Recovery and Reinvestment Act, we certify that all our partitions and lockers are manufactured in the United States. The cost of the components of our toilet partitions mined, produced, or manufactured in the United States greatly exceeds 60% of the cost of all the components. Thereby, they qualify under the Buy America Act (41 U.S.C. 10A-10D), as implemented by Subpart 25.2 of the Federal Acquisition Regulation.

The only variance may be certain hardware items, fasteners, and aluminum parts that are not sourced domestically or would be cost prohibitive to be sourced domestically.

If you have any questions, you may contact us at 814-833-1154 or email our Vice President of Sales & Marketing, Shane McChesney, at shanem@generalpartitions.com for more details.

Respectfully,

Scott Hawkins, President
